BLSG – The hands-on consultancy  
for the long-term success of your company

 **BLSG**  
logistics meets consulting

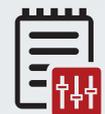

» Working alone adds value,  
working together multiplies it.«

ORIENTAL WORDS OF WISDOM

We are a hands-on consultancy in the area of production and logistics.

We focus on our core competences and will assist you when it comes to:

Controlling production in a more efficient and targeted manner!  
**Job and production control**

Supplying the right material at the right place and time!  
**JIT/ JIS**

Developing suitable IT systems for your processes!  
**IT system design**

Banning any type of waste from your company!  
**LEAN Management**

Launching new products!  
**Pre-series support and ramp-up management**

» Well begun is half done. «

ARISTOTLE (384-322BC)

We develop pragmatic, innovative and customized solutions rooted in our practical experience.

We speak the languages of all hierarchy levels of your company.

We will support you in all project phases:

- Redesign and concept design
- Implementation and ramp-up validation
- Optimization
- Instruction, Training and Coaching

We develop individual and comprehensive results which are backed by all parties involved.

We provide sustainable support, with the goal that you no longer depend on our help after the completion of a project.

We ensure the long-term success of a company by putting customer satisfaction before our own interests.

»» What we value most about BLSG is their technical know-how, trustful cooperation, reliable project management as well as their keen and by all means critical eye from their external viewpoint. It also becomes apparent very quickly that rather than capitalist motivation, the individual requirements of AUDI as a customer and long-term project success are paramount in their consulting activity. ««

**PETER HOCHHOLDINGER**  
Head of Production A4 / A5 / Q5,  
AUDI AG Ingolstadt
